

Effective Interviewing Skills

Getting the right members of staff is one of the most important functions that you as a business owner will ever make. Getting it right appears almost a lottery, getting it wrong can literally cost thousands of pounds to rectify. Interviews don't just fill jobs; they can impact at every level of the organisation.

It is crucial therefore that you do all that you can to ensure that those charged with interviewing for your business are equipped with the very latest tools to enable them to perform this crucial role. This course is designed to give them the necessary training and tools to enable them to interview in the most effective manner possible, thus avoiding potentially costly errors.
